

Average in various occupations

The Government's experts have also studied the average income of taxpayers in various occupations. Mention was made of some of these in a recent article on this page but only briefly, and a more detailed table may be of interest:

Occupation	Average Income
Lawyers	\$7,822
Doctors	\$7,666
Engineers and Architects	\$7,452
Dentists	\$5,713
Osteopaths and Chiropractors	\$4,348
Business Partners	\$4,267
Investors	\$4,197
Sole Business Proprietors	\$3,891
Salesmen	\$3,847
Forestry operators	\$3,771
Other professions	\$3,533
Fishermen	\$3,042
Entertainers	\$2,736
Farmers	\$2,616
Authors and Writers	\$2,537
Pensioners	\$2,191
Estates	\$2,147
Employees	\$2,137
Unclassified	\$1,765
Nurses	\$1,279
Hunters, trappers and Guides	\$1,175

The average income in these groups was \$2,358.

Employees and their average income were sub-divided as follows:

Armed services	\$2,171
Municipal Government	\$2,157
Business	\$2,156
Provincial Government	\$2,132
Dominion Government	\$2,093
Educational Institutions	\$2,075
Foreign Governments	\$2,037
Other institutions	\$1,660
Private Individuals	\$1,207
Agricultural Enterprises	\$1,194

The income of employees of all sorts thus averaged \$2,137.
